Checkpoint Submission (below)

Partner Waiver (fill out only if you have permission to do the assignment

alone):

I have talked to _____ (Name of the TA/Professor) on _____ (date)

regarding the assignment to be done individually.

Reason:

Q1. Please fill out the following information (3 pt).

Student 1 : Isamu Poy

Student 2 : Harsh Gondaliya

Git Repo link: <https://github.com/cse260-fa22/pa2-pa2-ipoy-hgondali.git>

Name of AMI instance (name your instance with your team name as in "pa1-b5chin-tsundara"):

Note: made a mistake creating initial instance. Thus added "fixSecurity" for second instance

Isamu's instance: (pa2-ipoy-hgondali-fixSecurity) [i-05dff91f612cdeef0](#)

Harsh's instance: (pa2-isamumu-hgondali) [i-046f328a8eb4bc8c1](#)

Edit TEAMEVAL.txt and put your partner names in. You should not fill out

the actual evaluation yet.

Make a github checkin to your class remote repository with the comment

"Added Team names"

Checkpoint Submission (above)

You also need to create an Access ID based on the instructions uploaded on Canvas and submit it on a separate assignment in gradescope. The template for the submission for gradescope upload is available in the file:

https://canvas.ucsd.edu/courses/41514/files/8039304?module_item_id=1552615

Link for the instructions to create Access account:
